

# EDGE

## THE LATEST IN LASER-CUT TECHNOLOGY

The Edge series seminar design offers unlimited patterns and designs testing your imagination. Metal laser-cut modesty panels in hundreds of finishes. Tops available in solid surface, veneer or standard high-performance laminate.

*18' x 18" deep x three-section seminar room. Laminate surface with laser-cut modesties in silver powder-coat finish.*

At Surfacetech, we've designed and built fine contract furnishings for three generations, using stone, glass, solid wood, veneer, laminate, solid surface and stainless steel, all sourced and manufactured to our customers' specifications. In addition to offering extraordinary value, all of our product lines are available in both standard and custom sizes, and we welcome special requests.
