FOR IMMEDIATE RELEASE:

## **FCi Companies Welcomes Jason Fredrickson as Vice President of Sales**

FCi Companies is pleased to announce the appointment of Jason Fredrickson as the new Vice President of Sales. With over 30 years of invaluable experience in the commercial furniture industry, Jason brings a wealth of knowledge and expertise to our dynamic team.

In his role, Jason will collaborate with Sales Representatives across all FCi Companies brands, reinforcing our commitment to market diversification and sustained growth. His extensive industry background, particularly in working with national accounts and various dealer markets, aligns seamlessly with our strategic vision for the future.

CEO, Ken Weaver expresses enthusiasm about Jason's arrival, stating, "We are thrilled to welcome Jason Fredrickson to the FCi Companies family as our Vice President of Sales. His three decades of experience in the commercial furniture industry, coupled with his versatility in managing diverse markets and industries, make him an invaluable asset to our team. Jason's leadership will play a pivotal role in fostering new opportunities and nurturing existing client relationships, contributing significantly to our continued success."

Adding this pivotal role to our organizational structure underscores FCi Companies' dedication to staying at the forefront of industry trends and client expectations. We are confident that Jason Fredrickson's strategic insights and proven track record will further enhance our capabilities, driving innovation and excellence across all facets of our sales operations.

FCi Companies, headquartered in the Indianapolis area, operates under six distinct brands that synergize resources to deliver high-quality products and services. These brands, including Facility Concepts, Table Logix, and SurfaceTech, work together, propelling the company forward as a premier manufacturer of commercial furniture design, encompassing fixtures, millwork, and décor. The integration of these brands results in a cohesive and dynamic team of skilled designers, engineers, and craftsmen, positioning FCi Companies as a turn-key operation capable of designing, developing, and manufacturing products in-house. The collective capabilities and state-of-the-art facilities contribute to FCi Companies being one of the largest custom furniture manufacturing operations in the United States. The company takes pride in offering affordable, quality, American-made products crafted from a diverse range of materials, including woods, metals, plastics, laminates, and upholsteries.
